Five to one Change your at-ti-tude.

He doesn't give cookies or stickers
 He doesn't give a toy or a star
 He sees what they try to do
 And he sees who they are

It's not just the words he's saying
 It's the tone he's speaking in
 One smart remark out of the dark
 Is like a sliver in your skin...Chorus

Sometimes he'll lose his patience
 Like all of us now and again.
 Other days he'll be amazed
 He'll go from five to ten.

Some things you can't measure
 Other things you can
 Numbers tell tales as well
 That help us understand...Chorus
