

Out in the Garden

By Stuart Stotts

D Em7
Out in the gar - den, — out in the gar - den, — put-ting down

6 G A sus A7 D Em7 G A sus A7
roots, veg-gies and fruits out in the gar - den.

13 D A7 D A7
1. Dig the dirt, — put in seeds, cov - er 'em up, — pull out

17 D G A7 G A7 D
weeds. Wat-er them well with a big green hose, sit and watch — as your gar-den grows.

2. Pollination is the key
from the butterflies and bees.
Gardens growing in the sun,
there's enough for ev'ryone.
3. Daffodils, columbine,
marigolds, trumpet vine,
ev'rywhere that you go
you can plant your own rainbow.
4. With some love and a song
we will grow our whole lives long
sharing food with our friends,
the cycle never ends.
